An onsite meeting with ITC occurred on July 31. A follow up email from Briena Pugh - ITC was received August 11 and read as follows:

The pole that we looked at will be moved into the corner of the field as we had previously discussed. This will require the line to angle back in for a bit until it gets back to the original orientation, which will require the additional clearing.

To confirm though, our team is committed to re-staking it this week just to be absolutely sure of all locations of clearing and poles. I will follow-up again after that.
